

# SCHOOL SUPPLIES CHECKLIST

**Print this page and use it to help you (or your child) properly prepare for school. Please do NOT skimp on this step! As a teacher for many years I can assure you that the most successful students come to class prepared, so don't get left behind! Get more than what you need and buy high quality supplies so you won't have to run to Staples every week to restock. Of course you won't need everything on the list, use it as a guide to help you:**

- |                      |                               |
|----------------------|-------------------------------|
| ___ Pens             | ___ Pencils                   |
| ___ Highlighters     | ___ Colored Pencils           |
| ___ Crayons          | ___ Markers                   |
| ___ Scissors         | ___ Erasers                   |
| ___ re-enforcements  | ___ Ruler                     |
| ___ Glue             | ___ Notebooks                 |
| ___ Lined Paper      | ___ Folders                   |
| ___ Index Cards      | ___ File Dividers             |
| ___ Three Hole Punch | ___ Tape                      |
| ___ Calculator       | ___ Whiteout                  |
| ___ Mini Stapler     | ___ 3 Ring Pouch for supplies |

Need other supplies? [List them here.](#)

---

Please note: While you don't want to empty your bank account, you will want to purchase quality products. I have seen quality notebooks last an entire year and cheap ones last less than one week.

Think of the supplies needed for school like tools necessary to complete a job. If a mechanic doesn't have the proper tools, completing the repair job will be very difficult. Let's give you (or your child) the proper tools needed to succeed in school!
